INKTECH

INNOVATION IN INK

Since INKTECH was established in 1989, we have become one of the most respected and successful independent manufacturers of liquid inks and coatings.

We are a market leader with over 35 years experience delivering innovative inks and coating solutions to a complex, demanding industry. Located in Rochdale, Lancashire we have been a limited company since 1989, with our own purpose built manufacturing facilities and ability to export globally.

To meet the demands of the market place, INKTECH has developed a vast understanding of the varied printing applications and the problems that are associated with these procedures and has the ability to use every technical resource available to produce inks and coatings that meet our customer's needs and often go beyond the standards expected.

We hold considerable technical knowledge and with support from our technical team we will work with you to find the right product for your needs. Our

experienced laboratory technicians are dedicated to providing innovative technical solutions to ink developments, and will often customise formulations to your specific needs. This commitment to specialisation has lead to INKTECH being constantly at the forefront of technological advancement and innovation.

We have a commitment to producing quality products and providing an excellent service, and via our genuine and reliable Rapid Response Service we can deliver next day.

Our experienced laboratory technicians are dedicated to providing innovative technical solutions to ink developments and, if necessary the team will customise formulations to your specific needs.

As a business we are committed to supporting and developing our people and throughout this brochure we will showcase what we stand for and how we operate under the "INSPIRED" by INKTECH principles and core values.
